

## Fraggle Countdown

Music and lyrics by Sara Da Silva  
Adapted from Michaela Muntean's Fraggle Countdown

10 Fraggles jumping  
up and down in a line.  
One skips off in purple socks,  
and then there are

1 Fraggle spinning  
there's no one left to see  
"Hey!" Cries that last Fraggle.  
"Everyone wait for me!"

9 Fraggles waving,  
"LET'S SING AND CELEBRATE!"  
One gets scared and scampers home  
and then there are

8 Fraggles skipping  
with a rope they had woven  
One gets tangled up to tight  
and then there are

7 Fraggles dancing  
to their favourite music mix  
One skids on a slippery rock  
and then there are

6 Fraggles swimming  
and doing high-rock dives.  
One looks down and turns around,  
and then there are

5 Fraggles bouncing  
In the cave of Boggle Floor.  
One flies high and cries, "Good-bye!"  
and then there are

4 Fraggles reaching  
for an apple on a tree.  
One of the branches breaks in two,  
and then there are

3 Fraggles wiggling  
How Fraggles love to do.  
One gets dizzy and takes a break  
and then there are

2 Fraggles flying  
high above the shining sun.  
Ones goes off exploring mars,  
and then there are
